Yellow	AS 2700	Y14
Mid Blue	AS 2700	B23
Mid Green	AS 2700	G23
Orange	AS 2700	X15
White		
Black		

PACKAGING:

Supplied in carton quantity only.
Each carton contains 6 X 1 Litre tins.

APPLICATION:

Stir colours thoroughly and apply to lines by brush or keyways by roller.

GUIDELINES FOR USE:

MONOPACK LMP is applied directly onto the first coat of MONOPACK Sports Floor Finish. Allow first coat of MONOPACK Sports Floor Finish to dry for at least 18 hours and cut back with 180 grit abrasive medium.

Mark out games lines using medium adhesive strength masking tape and apply MONOPACK LMP with narrow brush. Keyways by roller.

If a second coat required, recoat after 6 hours. Pull tapes as soon as paint has tacked off. This makes removal easier, and gives a smoother transition when topcoat is applied. Allow line marking paint to dry for 18 hours.

Then apply the second and third coats of MONOPACK Sports Floor Finish as per Data Sheets SFS 301 & 302. Do not overcoat MONOPACK LINE MARKING PAINT with other manufacturers products.

THINNING:

MONOPACK Line Marking Paint should be applied without thinning. The higher than usual consistency allows coverage with one coat in most cases.

CLEAN UP:

Use T-80 Reducer to clean brushes and rollers.
